

MESSAGE FROM EDITORIAL DESK

This is a quarterly, official and scientific, Journal of Chitwan Medical College. The submitted articles in various fields of health sciences are fully peer-reviewed. The Journal is divided into three groups: Original Articles, Review Articles and Case Reports. These articles are only published after the referees careful consideration and opinion and other necessary corrections.

The Journal policy is to give priority to the manuscripts, derived from clinical over experimental researches. I encourage the new generation of Healthcare Professionals to contribute articles to this journal in a timely manner. Finally I'd like to express my gratitude to all who have worked hard to come up with the fourth issue of JCMC.
